## A MESSAGE FROM THE MAYOR AND CEO

Developed against the backdrop of the most challenging year in living memory from both a social and financial standpoint, City of Greater Geelong Councillors and the organisation's officers have aimed to strike a delicate balance with our 2021-22 Budget.

Having acknowledged that large ongoing deficits will not be sustainable, it was essential that we produce a budget that is, first and foremost, fiscally responsible.

At the same time, as we seek to support both our region's ongoing recovery from the COVID-19 pandemic and Greater Geelong's rapid population growth, continued investment in community services and new facilities and infrastructure is equally vital.

On both fronts, we are confident this budget meets our aims.

It has been informed by and developed in close consultation with our new four-year strategic blueprint – 'Our Community Plan 2021-25' – to ensure that it is aligned to the Council's strategic priorities.

**These are:**

- 1. Healthy, caring and inclusive community**
- 2. Sustainable growth and environment**
- 3. Strong local economy**
- 4. High-performing Council and organisation**

To help us address these priorities, we are again continuing the recent trend of record capital infrastructure investment, this time of \$209 million.

Through our forward planning, we are budgeting that this figure will reach a combined \$728 million across the four-year duration of this Council's term.

This ongoing and unprecedented level of investment will allow us to deliver new and upgraded facilities essential to sustainable growth, a strong local economy, and above all a healthy and happy community.

Shared trails, aquatic facilities, community centres, arts and culture and public open space improvements all feature heavily in the budget, with a focus on directing investment to where it is needed.

We have budgeted for an \$8.1 million operating deficit for the coming financial year, but importantly, we are forecasting a return to surplus in 2022-23.

The deficit for 2021-22 is due in part to carry-over impacts of the pandemic on our operations, along with the inclusion of further unique and creative responses aimed at accelerating Greater Geelong's pandemic recovery.

The total rate revenue rise will be 1.5 per cent – our lowest on record and below CPI – including a freeze on the average commercial rates payable in 2021-22.

In addition, we have chosen to support the community by freezing many fees and charges at pre-pandemic levels, and minimising increases where a rise was unavoidable.

We are committed to steering Greater Geelong towards a financially, environmentally and socially sustainable future, and to meeting the goals in 'Our Community Plan 2021-25'.

By doing this, we can make significant progress towards ultimately achieving the community's 30-year clever and creative vision.

## EXECUTIVE SUMMARY

This is Council's first four year budget that will be updated on an annual basis. The 2021-22 Budget has been developed in line with Council's commitment to sustainable budgeting and responsible financial management. The Budget aims to continue Council's commitment to support our community through its recovery from the COVID-19 pandemic, whilst focusing on investments in services and infrastructure in a financially responsible way.

The first year of the Budget, still sees Council with an underlying operating deficit of (\$8.1 million), with some services showing an ongoing impact from the pandemic. Council has continued to support the community through capping overall rate increases to 1.5%, in line with the State Government's rate cap, as well as limiting where possible fees and charges increases.

The City of Greater Geelong continues to manage both the ongoing challenges presented by the pandemic and the continued period of tremendous growth in the region, with high demand for services and infrastructure. Council will continue to play a key role in leading and supporting the community through the future challenges that will arise.

The combined impact from population growth, diversified industries, the recycling crisis, balancing the need for new infrastructure while maintaining existing infrastructure, and delivery of services remain priorities for Council. These priorities reinforce the need for the City to sustainably manage its finances.

Key outcomes from this budget include:

- A strategic and community-led approach to the prioritisation and development of community infrastructure, that aids recovery in the region.
- A focus on asset renewal investment and key heritage assets, with increased renewal expenditure.
- Responding to growth and future planning and balancing these with the immediate priorities in the community.
- An investment in organisational productivity improvement, including the City's Civic Precinct and Digital Strategy.

The 2021-22 Budget has been developed with five key fiscal objectives:

1. Council has maintained operating surpluses in the past and is committed to maintaining operating surpluses in future years in order to contribute internal funding for the capital works program.
2. Growing infrastructure renewal expenditure, while increasing expenditure on new community infrastructure.
3. Maintain net financial liabilities at a sustainable level and maintain adequate liquidity levels.
4. Maintain funding of service delivery consistent with community needs.
5. Investment in sustainable initiatives that improve our environment and reduce our costs to service the community's needs.

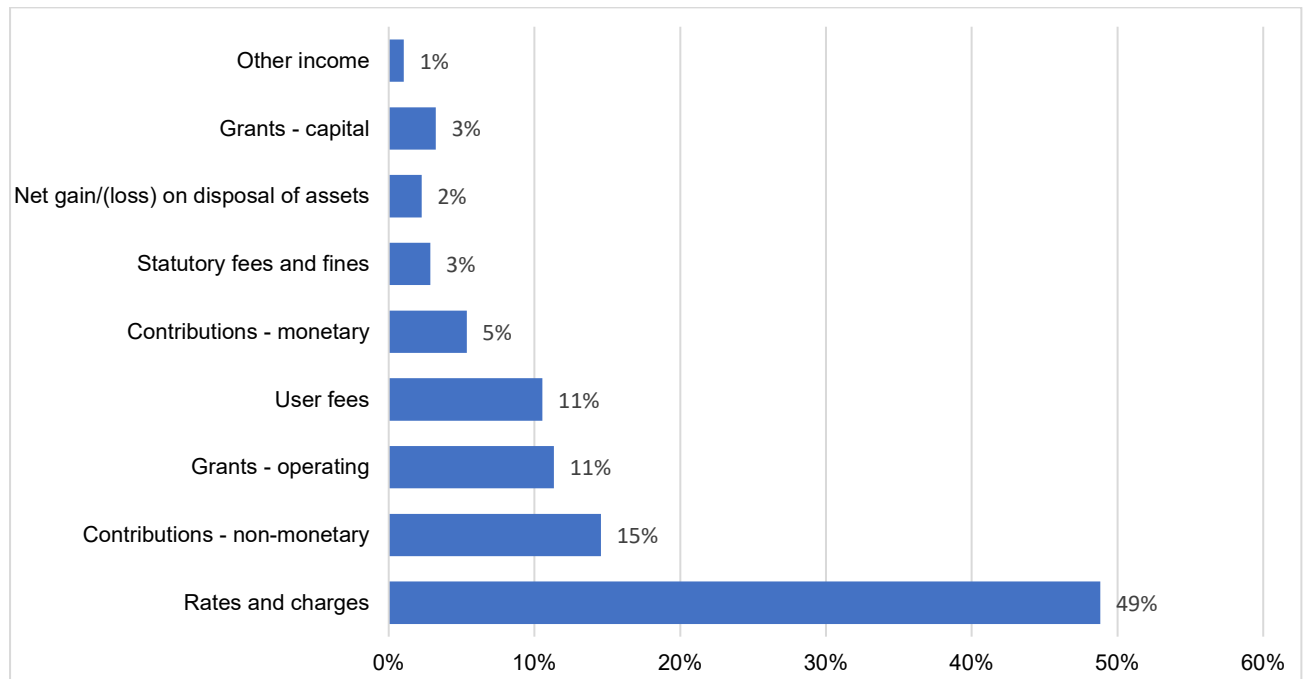

## Financial Snapshot

# 1. INCOME AND EXPENDITURE

## 1(a) Breakdown of Total Comprehensive Income

The City receives income from a variety of sources from rates, capital and operating grants, statutory fees and fines and contributions from developers.

## 1(a). Breakdown of where our money goes

In 2021-22 the City will allocate \$545.8m expenditure (total expenses \$418.4m less non cash items \$77.3m plus capital project expenditure \$205.0m) across the main services that it delivers. The chart below shows gross expenditure allocated to each service area.

## 2. REVENUE AND RATES

### 2(a). Rate Increases

Rate revenue is 49% of total comprehensive income and 65% of recurrent revenue. The increase in average rates in 2021-22 has been contained to 1.5%, which is aligned to the rate cap. Excluded from the rate cap calculation is the waste collection service charge.

Future year rate increases are assumed to be 2.00% in the absence of any forward planning guidance from the Minister for Local Government. This assumption will be subject to future announcements on an annual basis.

### 2(b). Average Residential Rates

Residential Movement	2020-21 Budget Rates on Avg. CIV \$	2021-22 Budget Rates on Avg. CIV \$	Movement (\$)	Movement (%)
Residential Capital Improved Value	550,862	583,262		
Rates (CIV x Rate in \$)	1,312.12	1,334.95		
<b>Total Rates</b>	<b>1,312.12</b>	<b>1,334.95</b>	<b>22.83</b>	<b>1.7%</b>
Waste Collection Service	360.95	396.35	35.40	9.8%

The average movement in residential rates is \$22.83 or a 1.7% increase for the 2021-22 year. The separate waste collection service charge includes the impact of higher cost waste collection and recycling processing operations together with EPA levy increase. The Landfill EPA levy will rise to \$105.90/tonne, equivalent to \$56.88 per waste collection service charge. This is an increase of \$40/tonne or \$23.22 to the waste collection service charge.

The 2021-22 rate notices will include the 2021 valuations, where the average residential valuation increase was 8.8% with the rate in the dollar adjusted accordingly. However, where the residential property valuation has increased by greater than the average, then the increase in rates will be greater than the \$22.83 applicable to the average property.

The rates and charges for individual residential properties will increase or decrease by different percentage amounts dependent on whether the valuation of the property is higher or lower relative to the average valuation of other residential properties in the municipality.

The City exercises discretion in the setting of differential rates to increase one differential higher than the rate cap relative to others. Council plans to reduce the relativity between Industrial, Commercial and Residential over the long term. However in 2021-22 Council proposes to maintain average commercial rates payable to the same level as 2020-21.

### 3. RESULTS

#### 3(a). Total Comprehensive Result

The 2021-22 budget shows a surplus of \$131.5m, an increase of \$5.6m over the 2020-21 forecast result. The total comprehensive result comprises the underlying operating result (-\$8.1m) plus monetary and non-monetary contributions from developers of \$29.4m and \$80.0m respectively, capital grants income of \$17.8m and gain on asset disposal of \$12.4m.

The movement in the year-on-year result is largely due to improved user fees +\$19.9m, gain on asset sales +\$17.3m and rates and charges +\$9.8m, offset by increased material and services expenditure (\$12.7m), employee costs (\$9.7m) lower grants income and contributions (\$15.8m).

#### 3(b). Underlying (Recurrent) Operating Result

The total underlying result is a deficit of (\$8.1m) for the 2021-22 financial year. The result is still showing impacts from the COVID19 pandemic where some services are yet to return to full revenue capacity, driving lower revenues in 2021-22. In the longer term plan the operating result is returning to surplus positions to reflect financially sustainable measures.

## 4. SERVICES

The cost of services delivered to the community for the 2021-22 year is expected to be \$341.8m which is an increase of \$26.1m over the 2020-21 forecast. A key influencing factor in the development of the 2021-22 budget has been the maintenance of existing service funding levels and the inclusion of other agreed community funding increases.

\*Total Service Cost (recurrent expenditure less depreciation and amortisation).

## 5. CASH & INVESTMENTS & BORROWINGS

### 5(a). Cash & Investments

Cash on hand at June 2022 is expected to be \$105.0m. Cash and liquidity levels have dropped during over the past two financial years as a result of the operating losses sustained during the COVID-19 pandemic. Projections show cash and liquidity growing throughout the plan as services and income streams return to normal operating levels.

## 5(b). Loan Borrowings Balance

Total new borrowings for 2021-22 are expected to be \$82.3m (\$22.3m of which are carried over from prior years). This will result in a closing loan balance of \$186.6m at 30 June 2022. New borrowings will fund developer contribution projects, the civic accommodation precinct, LED streetlighting, digital modernisation project, Leisurelink 50m pool replacement, design and construction of the North Bellarine Aquatic Centre and other community services infrastructure. The proposed June 2022 cash balance is adequate to meet our short term obligations.

## 6. CAPITAL WORKS

### 6(a). Capital Works Expenditure

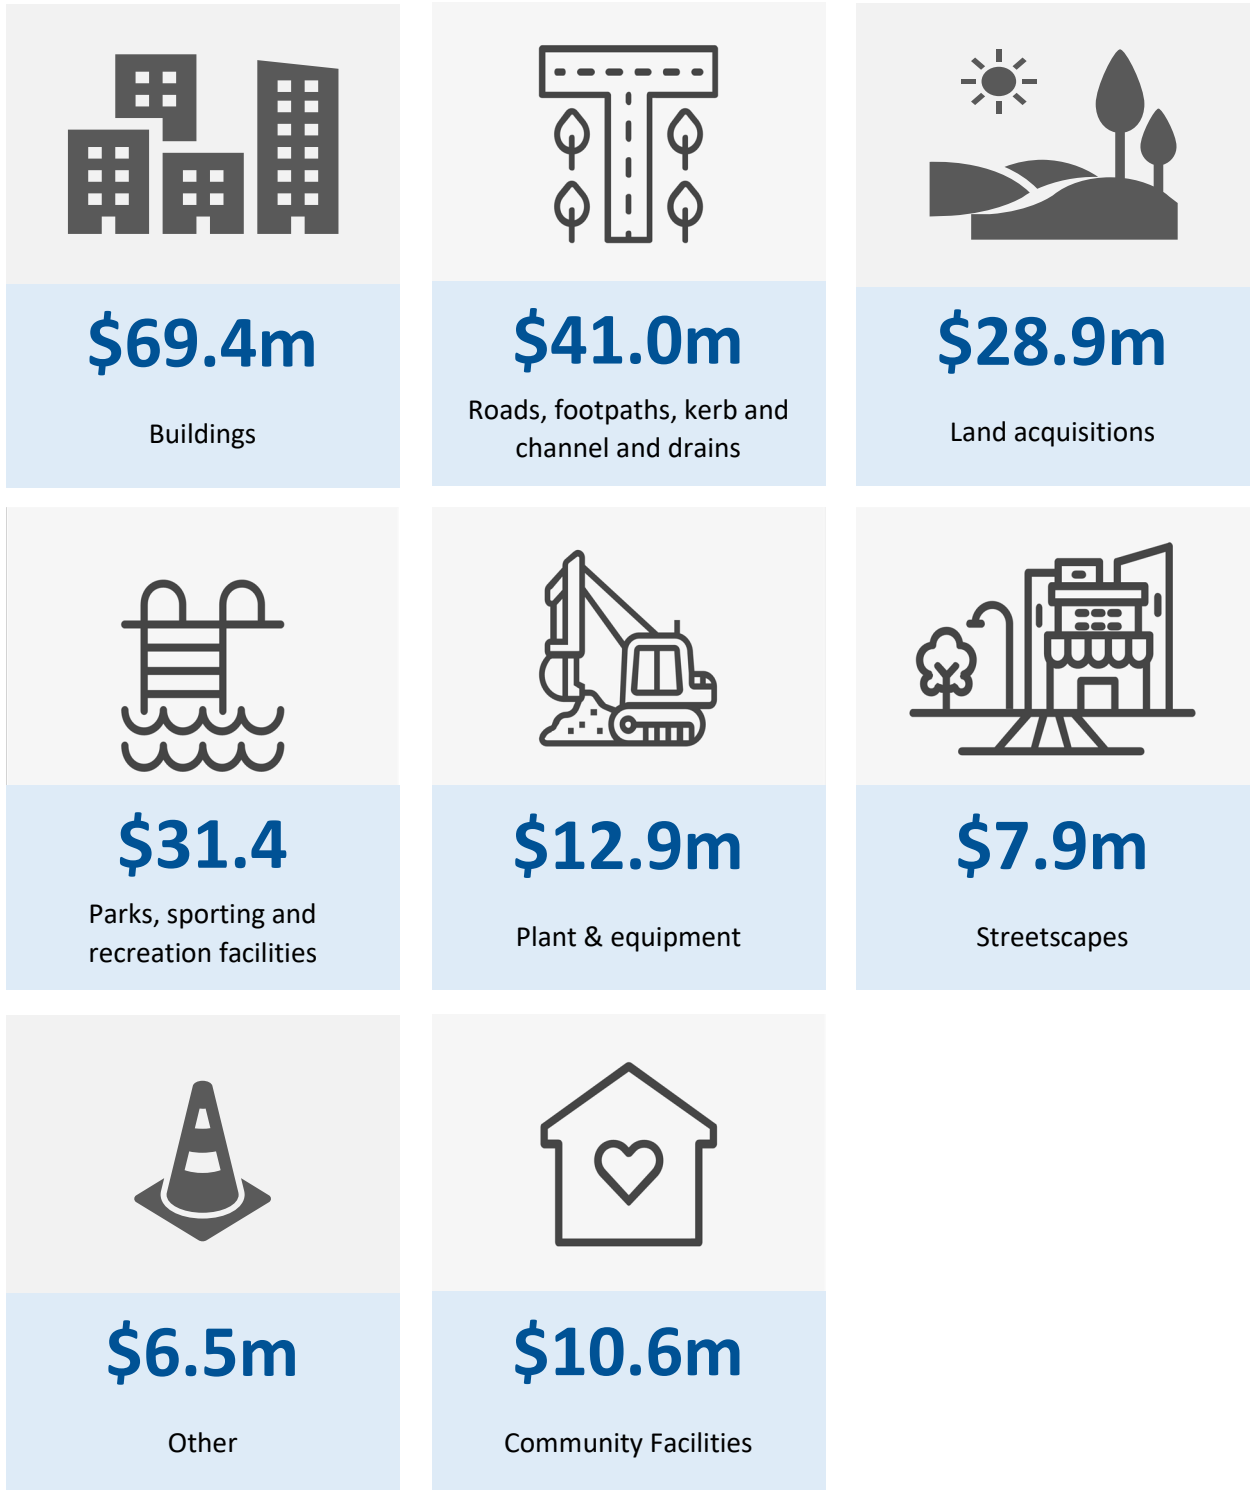

The City will be delivering the largest capital program in its history over the next two financial years, which will help stimulate the regions recovery from the pandemic crisis.

Expenditure for the 2021-22 year is proposed at \$205.0m including a net carryover of (\$3.6m). Excluding carryover, the capital expenditure program will deliver \$208.6m in key funding for core programs, ageing infrastructure, a range of recreation and leisure projects, community facilities and completion of 2020-21 projects.

The capital works program is summarised by project category and by classification as renewal, upgrade or new projects.

## 6(b). Capital Works Expenditure by Type

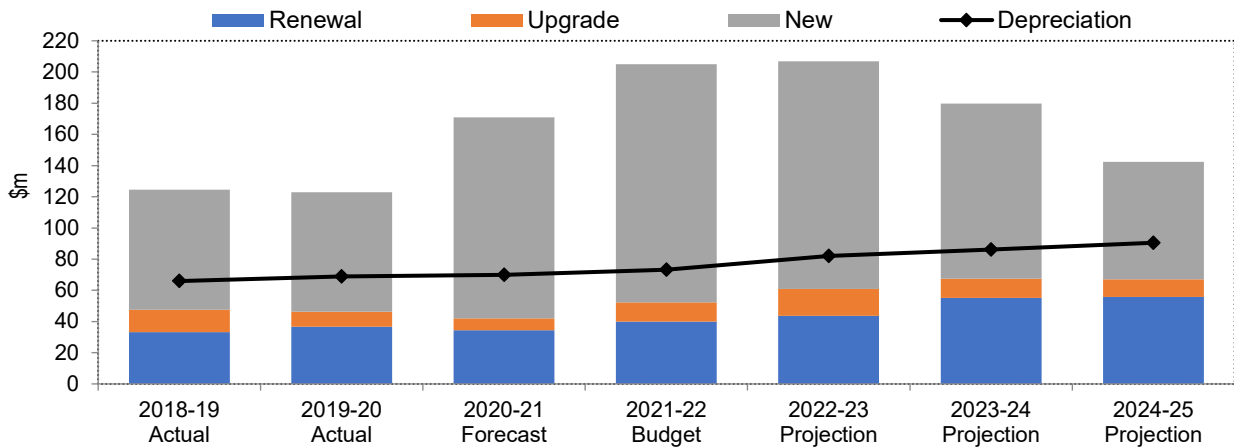

### 6(c). Capital Spend by Classification

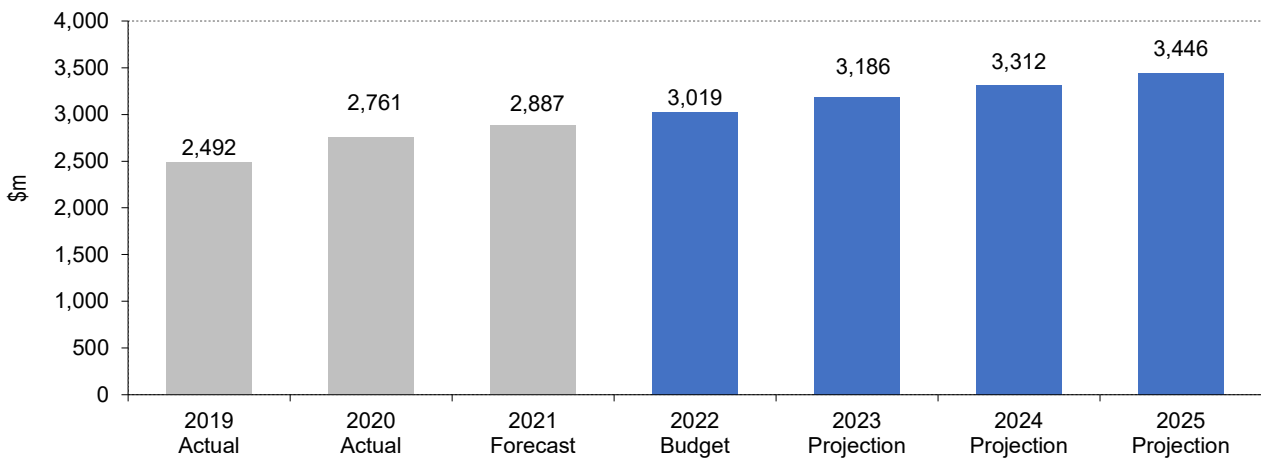

The graph below highlights the ratio of renewal and upgrade expenditure to depreciation.

The percentage of renewal / upgrade capital expenditure is a long term indicator. The trend indicates that the City is allocating further resources to renewal / upgrade capital expenditure during the projected period.

A key driver of the investment in new infrastructure is growth across the municipality and the civic precinct building, that is being constructed across the 2020-21 and 2021-22 years.

### 7. NET ASSETS

Net assets (net worth) will increase by \$131.5m to \$3,018.6m with property plant and equipment increasing by \$183.2m, net current assets increasing by \$14.2m and loan borrowings net of repayments increasing by \$69.1m.

# 1. INTEGRATED PLANNING AND REPORTING FRAMEWORK

This section describes how the Budget links to the achievement of the Community Vision and Our Community Plan within an overall integrated planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Our Community Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report). The timing of each component of the framework is critical to the successful achievement of the planned outcomes.

## 1.1 Legislative planning and accountability framework

This is the first time we have set a 4-year budget that will be updated annually. The Budget outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in Our Community Plan.

The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

## 1.1.2 Key planning considerations

### Service level planning

Although councils have a legal obligation to provide some services — such as animal management, local roads, food safety and statutory planning — most council services are not legally mandated, including some services closely associated with councils such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore, councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations.

Community consultation needs to be in line with the Council's adopted Community Engagement Policy and Public Transparency Policy.

## 1.2 Our purpose

### Our Vision

*By 2047, Greater Geelong will be internationally recognised as a clever and creative city-region that is forward looking, enterprising and adaptive and cares for its people and environment.*

The community-led 30-year vision, Greater Geelong: A Clever and Creative Future, was developed in 2016 following a considerable deliberative engagement process which captured the voices of over 16,000 community members.

**A CLEVER  
and CREATIVE  
FUTURE**

### Our Purpose

*Working together for a thriving community*

### Our Values

*Respect & encourage each other*

*Embrace new ideas and better ways to work*

*Create a healthy and safe environment for all*

*Make people the centre of our business*

## 2. SERVICES AND SERVICE PERFORMANCE INDICATORS

This section provides a description of the services and initiatives to be funded in the Budget for the 2021-22 year and how these will contribute to achieving the strategic directions outlined in the *Our Community Plan 2021-25*. It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, other initiatives and service performance outcome indicators in the Budget. For transparency and accountability, progress against major initiatives and service performance outcome indicators will be reported as part of Council's Annual Report.

### 2.1 Strategic Directions

*Our Community Plan 2021–25* is the key plan of the Greater Geelong City Council. It tells our community what our Councillors are aiming to achieve during their four-year term.

All newly elected councils in Victoria are required to develop a council plan and municipal public health and wellbeing plan following council elections. This year, we've incorporated our municipal public health and wellbeing plan into our council plan.

We've done this because the health and wellbeing of our community is central to everything we do – whether it's supporting economic growth in our region, creating new opportunities for social connection or putting in place safeguards to encourage sustainable development.

The plan will guide decisions about policy, programs, services, resources and performance, to ensure the social, economic and environmental sustainability of our region. While the plan is for four years, it will be supported by an annual action plan and budget.

The four strategic directions we've chosen to guide us are as follows:

- Healthy, caring and inclusive community
- Sustainable growth and environment
- Strong local economy
- High-performing Council and organisation.

## 2.2 Strategic Direction 1: Healthy, caring and inclusive community

*A healthy community is one where everyone has the opportunity to experience their best possible health and wellbeing.*

As our health and engagement data shows, there are some pressing issues impacting the health and wellbeing of our local community, including mental health issues and the impacts of climate change.

We recognise community wellbeing and social equity as a key priority in our *Sustainability Framework 2020*. This plan emphasises the importance of supporting our community to adopt sustainable practices for health now and in the future.

We cannot address these significant and complex challenges alone because it requires a whole-of-community approach to create a lasting impact that will benefit everyone equally.

Working alongside other stakeholders and community groups, our role is to deliver liveable and accessible places, promote active and healthy lifestyles at every stage of life, deliver services and programs more equitably and support people to stay connected with others in their local community. We also need to create an environment where everyone feels welcome and valued for their unique contribution – regardless of age, ability, gender, cultural background, geographic location or income status.

The four-year priorities we will focus on to help achieve our desired outcomes are:

- Help our community, recreation groups and volunteers to prosper and grow
- Deliver health and community initiatives that are culturally sensitive and accessible across all life stages
- Foster and embrace community connectedness
- Demonstrate and promote gender equity practices
- Foster an inclusive community culture
- Facilitate social and affordable housing in Greater Geelong
- Provide access to places, spaces and services where and when people need them the most
- Strengthen relationships and partnerships with the Aboriginal and Torres Strait Islander community in Greater Geelong
- Support the City's cultural and creative life, history and heritage
- Provide facilities that foster and facilitate positive health and wellbeing outcomes
- Respond to the findings of the Royal Commissions into Aged Care and Mental Health

## 2.3 Strategic Direction 2: Sustainable growth and environment

Protecting our environment is a key priority of our *Sustainability Framework 2020* and we are committed to achieving zero-emissions, using the planning framework to influence sustainable growth in the built environment, increasing green spaces, supporting biodiversity and leading our community to mitigate the impacts of climate change.

With global pressures to consider, such as climate change and waste, and significant flora and fauna in our region that need our protection, it's clear that the stakes couldn't be higher. It is therefore vital that we respond by creating high-amenity neighbourhoods that are well-connected, liveable and sustainable.

The four-year priorities we will focus on to help achieve our desired outcomes are:

- Meet the housing needs of our future community
- Meet existing and future transport needs
- Create engaging places and spaces
- Deliver best practice Environmentally Sustainable Design principles and vibrant neighbourhoods
- Achieve carbon neutral in all City-managed operations by 2025 and manage our climate change risks
- Support our community and region to reduce emissions and build resilience to climate change
- Reduce the impact of waste
- Support greater indigenous biodiversity

## 2.4 Strategic Direction 3: Strong local economy

Our economy is changing to service Geelong's growing population and meet the needs of emerging industries.

To stay competitive in a globalised economic environment, we must collaborate with stakeholders to market Greater Geelong's competitive strengths, support local business and advocate for the infrastructure and services we need to attract investment and stimulate economic growth.

To secure Geelong's economic future, we must support business and industry across:

- existing sectors – health, education, construction, tourism, retail and hospitality
- diversifying industries – advanced manufacturing, technology, research and innovation, transport, warehousing and logistics
- emerging industries – carbon fibre manufacturing, progressive agribusiness, creative and cultural industries, smart technology businesses, cleantech and circular economy businesses.

We will continue to work with a range of partners to leverage and promote our competitive strengths including transport and access, available and affordable land, and natural and cultural assets.

In addition, we will continue to work with our stakeholders to help prepare our workforce for this changing economy and support equal participation in the workforce for all.

The four-year priorities we will focus on to help achieve our desired outcomes are:

- Attract and facilitate public and private investment
- Promote and leverage the competitive strengths and attractiveness of our region, globally, nationally and locally
- Support entrepreneurs, start-ups, innovation, research and digital connectivity
- Attract businesses with a carbon neutral and circular economy focus
- Support local business resilience and recovery from the impacts of the COVID-19 pandemic
- Attract, retain and enable participation in the workforce to meet industry needs
- Address high levels of unemployment in targeted areas of our region
- Promote our region as a trial location for innovation and new technologies

## 2.5 Strategic Direction 4: High-performing Council and organisation

Under the leadership of Council, we are duty-bound to make decisions that are evidence-based, financially responsible and reflect the needs of the community and stakeholders we serve. In a rapidly changing environment, this can be a balancing act.

Advancing technologies, environmental issues, social inequity, rapid growth, organisational change and ageing assets all place pressure on our existing resources. We must adapt to these challenges if we are to continue delivering services, programs and infrastructure to our communities in a way that is equitable and fair.

Responsible and transparent business is the third key priority area identified in our *Sustainability Framework 2020*, and we are working hard to position the organisation to better achieve our sustainability objectives.

The four-year priorities we will focus on to help achieve our desired outcomes are:

- Enable a customer-focused approach that delivers efficient and responsive service
- Communicate and engage effectively with our community to understand their needs and advocate on their behalf
- Deliver on our community's most important needs for infrastructure and services
- Continue to strengthen our workplace culture
- Create a more efficient and effective organisation
- Ensure that our employees are safe at work
- Focus on financial sustainability

## 4. NOTES TO FINANCIAL STATEMENTS

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

### 4.1 Comprehensive Income Statement

#### 4.1.1 Rates and Charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the *Local Government Act 2020* (Act), Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the key Council Plan initiatives, program and services and capital works commitments over a four-year period. This plan outlines the objectives of key differentials and the medium and long term rating strategy.

In developing the Budget, rates and charges were identified as an important source of revenue, delivering around 65% of all total operating income. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2021-22 the FGRS cap has been set at 1.5%. The cap applies to both general rates and municipal charges and is calculated based on council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate will increase by 1.5% in line with the rate cap.

Total rates and charges to be raised in 2021-22 is \$268,322,981. Rates and charges will be raised through the application of a differential rating system.

#### **Waste Management Charge**

The waste collection service charge is calculated based on a fee for service, including direct, indirect and overhead costs. The charge for 2021-22 will increase from \$360.95 to \$396.35 or 9.8%. A new charge will be introduced for 2021-22 for identified multi-unit assessments via the planning process, where the traditional waste collection service cannot be provided by the City. The charge for 2021-22 will be \$151.55 per assessment.

#### **Service rates and charges**

A section 162 service charge known as additional bins service was introduced in 2016-17. Households may apply for an additional garbage bin, upsized garbage bin, recycling bin or green waste bin. The charges for 2021-22 are \$162.60 for a 140L garbage bin, \$117.55 to upgrade to a 240L garbage bin, \$89.60 for a recycling bin and \$84.90 for a green waste bin.

#### **Special rates and charges**

Council has not declared any new special rate and charge schemes for 2021-22.

#### **Waivers**

Council declares a waiver under section 171 of the Act for specific qualifying properties.

The waivers include:

Housing support waiver - residential property used for transitional, emergency or crisis housing.

Rates assistance waiver - for qualifying residential and farm properties where the valuation has increased by greater than 50%.

New Corio Estate waiver - for New Corio estate property where property encumbrances prevent owners from making any demands on Council services now and into the future.

COVID-19 Financial Hardship Policy - support is available to individuals and businesses in exceptional hardship circumstances determined at the sole discretion of the Chief Executive Officer.

## Rebates

Council declares a rebate under section 169 of the Act.

A farm rebate is available for qualifying farmland. The rebate set at 18.6% recognises the benefit to the community in encouraging the retention of large lot primary holdings.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

#### 4.1.1(k) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2021-22: estimated \$2.9m and 2020-21: \$2.4m)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

#### 4.1.2 Statutory fees and fines

Waste Management Services

Increase in EPA levies (\$40/tonne) to be applied from 1 July 2021, will result in increased gate fees at the Drysdale and North Geelong transfer centres.

Leisure centre and recreation

Anticipating normal trading conditions following COVID-19 with the hiring of Council facilities

Parking

Free parking initiatives during 2020-21, driving lower user fees. In 2021-22 a 2nd hour fee initiative in 2 hour car parks will be implemented.

Child care/children's programs

Anticipating normal trading conditions following COVID-19 with patronage of Council activities and programs.

#### 4.1.4 Grants

## Operating Grants

Family day care	2020-21 reduced income partly due to special funding arrangements in place due to COVID 19 pandemic restrictions.
COVID-19 Support	\$8m received for Working For Victoria in 2020-21, as a special COVID-19 recovery to support jobs.

## Capital Grants

Roads	\$3.6m for Safe Travel in Local Streets 2019-20 in received in 2020-21.
Buildings	\$6.7m grant for the Northern Aquatic and Community Hub. An additional \$10.1m is budgeted in 2022-23.
Recreation	The 2020-21 forecast contains some large project funding components: Polworth Pavilion and West Oval - Pavilion Construction (\$3.7m), Sports Lighting Upgrade Program (\$2m), Herne Hill Reserve Pavilion Construction (\$1.3m).

<b>Total materials and services</b>	<b>109,371</b>	<b>122,517</b>	<b>13,147</b>	<b>12.0%</b>

#### Levies

EPA landfill levy is expected to increase by \$40/tonne from 1 July 2021.

#### Contract payments/internal costs

Increased contractor costs due contractual CPI increases, additional programs offset by consultant costs.

#### Information Technology

Investment in ICT strategy projects, including investment in the digital modernisation project.

#### Plant/Equipment/Vehicle Costs

Investment in equipment and plant, including increased funding for street light repairs.

#### 4.1.9 Depreciation

	Forecast	Budget	Change	
	2020-21	2021-22	\$'000	%
	\$'000	\$'000

Audit	234	333	99	42.0%
<b>Total other expenses</b>	28,476	30,786	2,310	8.1%

Waste disposal	Forecast figure includes a \$10 per tonne EPA Levy that was not realised in January 2021. Offset by a change in operations to send waste to the Drysdale landfill instead of the Wyndham landfill. 2021-22 budget also includes a \$40 per tonne EPA levy increase.
Memberships and subscriptions	Increase in digital, information and technology subscriptions.
Events and functions	Minimal events in 2020-21 due to COVID-19, return to pre-COVID-19 status in 2021-22.
Grants	Additional \$1.2m COVID-19 related grants and a \$1m non-recurrent grant for the Geelong Food Relief Centre in 2020-21, not required in 2021-22.
Contributions	Increase in 2021-22 for major event funding including the Australian International Airshow. Also increase Environmental sustainability contributions for 2021-22.
Audit	Additional expenditure in 2021-22 for Drysdale landfill operations audit services and other internal audit programs.

## 4.2 Balance Sheet

### 4.2.1 Assets

Property, infrastructure, plant and equipment

Increased due to the level of internal capital expenditure plus an increase in subdivision assets received from developers.

### 4.2.2 Liabilities

Interest-bearing liabilities

Increased due to Loans for Capital projects to be drawn down during the 2021-22 year.

### 4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast	Budget	Projections		
	2020-21	2021-22	2022-23	2023-24	2024-25
	\$	\$	\$	\$	\$
Amount borrowed as at 30 June of the prior year	82,608	117,429	186,579	218,378	239,477
Amount proposed to be borrowed	45,000	<b>82,298</b>	50,039	42,553	36,774
Amount projected to be redeemed	(10,179)	<b>(13,148)</b>	(18,240)	(21,454)	(23,353)
<b>Amount of borrowings as at 30 June</b>	<b>117,429</b>	<b>186,579</b>	<b>218,378</b>	<b>239,477</b>	<b>252,898</b>

The capital program of the City in 2021-22 is the largest program to date. Increased borrowings will assist in funding this program. Additional borrowings in 2021-22 of \$82.3m consist of \$60.0m for new project items, including developer contribution projects and funding to complete the Civic precinct, with a further \$22.3m being carried over from prior years.

### 4.2.4 Leases by category

As a result of the introduction of *AASB 16 Leases*, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast	Budget
	2020-21	2021-22
	\$	\$
<b>Right-of-use assets</b>		
Property	3,101	<b>494</b>
Vehicles	18	<b>8</b>
Other, etc.	-	-
<b>Total right-of-use assets</b>	<b>3,119</b>	<b>501</b>
<b>Lease liabilities</b>		
<b>Current lease Liabilities</b>		
Land and buildings	2,762	<b>218</b>
Plant and equipment	11	<b>7</b>
Other, etc.	-	-
<b>Total current lease liabilities</b>	<b>2,772</b>	<b>226</b>
<b>Non-current lease liabilities</b>		
Land and buildings	511	<b>292</b>
Plant and equipment	8	<b>1</b>
Other, etc.	-	-
<b>Total non-current lease liabilities</b>	<b>518</b>	<b>293</b>
<b>Total lease liabilities</b>	<b>3,290</b>	<b>519</b>

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities. The current incremental borrowing rate is 3%.

## 4.3 Statement of changes in Equity

### 4.3.1 Reserves

Small increase in the 2020-21 year due to increased Developer Contribution receipts being transferred into the reserve account.

### 4.3.2 Equity

Major increase is as a result of the surplus, largely driven by non-monetary contributions.

## 4.4 Statement of Cash Flows

### 4.4.1 Net cash flows provided by/used in operating activities

Rates and charges

Increase in expected revenue due to growth within the municipality and a 1.5% average rate increase.

User Fees

Reduction in 2020-21 due to the impact of the COVID-19 pandemic, notably regarding the closure of leisure centres and lower car parking fees and utilisation.

Employee Costs

Increased employee costs due to requirements to support service growth, cultural initiatives and salary and superannuation inflation.

### 4.4.2 Net cash flows provided by/used in investing activities

Payments for property, infrastructure, plant and equipment

Increased expenditure in 2021-22 due to higher developer contribution projects, asset renewal and other community related initiatives and carried over projects not completed in 2020-21.

Proceeds from sale of property, infrastructure, plant and equipment

Increased asset sales budgeted in 2021-22, which will assist with the funding of the capital program.

### 4.4.3 Net cash flows provided by/used in financing activities

Proceeds from borrowings

Increased loan borrowings to be drawn down during the year to fund capital projects.

# FINANCIAL PERFORMANCE INDICATORS

The following table highlights Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives.

The financial performance indicators below are the prescribed financial performance indicators contained in Part 3 of Schedule 3 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators will be reported in Council's Performance Statement included in the Annual Report.

## Key to Forecast Trend:

- + Forecasts improvement in Council's financial performance/financial position indicator
- o Forecasts that Council's financial performance/financial position indicator will be steady
- Forecasts deterioration in Council's financial performance/financial position indicator

### Notes to indicators

#### 1. Adjusted underlying result

Changing recurrent surplus whilst underlying revenue continues to increase. The City will return to surplus from 2022-23.

#### 2. Working Capital

Increase in current liabilities balance due to drawing down of loans in 2021-22 and future years offset by stable cash balances.

#### 3. Unrestricted Cash

Increase in draw down of loans in 2021-22 increases the current liabilities balance.

#### 4. Debt compared to rates

Increase in loan borrowings in 2021-22 and future years is greater than the increase in rates revenue in 2021-22 but is offset thereafter.

#### 5. Asset renewal

Expenditure on renewal projects is increasing, however depreciation expense is also rising due to the growth in the asset base.

#### 6. Rates concentration

No material variation.

## FEES AND CHARGES ANALYSIS

Each year Council's fees and charges are reviewed as part of the budget development process. Existing fees and charges have been increased in line with cost increases, market levels, changes in supply and demand for services and the user pay principles. Council has a continuing commitment to ensure its services are priced fairly to allow for maximum community participation, whilst meeting National Competition Policy requirements for services subject to competition.

Fees and charges are based on information available at the time of publishing and may vary during the financial year subject to any changes in Council's policy or legislation. Several of Council's fees and charges were not increased in line with the 2020-21 budget due to the impact of COVID-19. This impact has been taken into account when setting the fees for the 2021-22 budget.

As a continuing level of support to customers and the community, several of Council's discretionary fees have increased for the 2021-22 financial year. Fees being held at 2020-21 rates include; Leisure Centre Fees, Community Fair Play seasonal hire, Breamlea Caravan Park fees and National Wool Museum charges.

The major movements in Council's fees and charges are listed in the table below.

Fee Groups	Fee Type	Comments
Reinstatements	Discretionary	Reinstatement works are a fee for service. Fee increases of 15% have been applied to some reinstatement works to reflect the cost of service.
Commercial bin collection	Discretionary	Fee increases up to 17.9%. This service is an optional service that commercial properties can choose to engage the City for. The fee has been increased in line with competitors under the competitive neutrality requirements.
Waste Disposal Services	Discretionary	Waste disposal service fees, including gate fees at the City's transfer stations are rising on average 27% to 35%, with Waste Clean fill increasing by 56%.  Increases are a direct result of a \$40/tonne increase in the State Government EPA levy, which takes effect from 1 July 2021. The fee is directly passed through to gate fees.
Home Care Fees	Discretionary	Fee increases are up to 10%. This represents small dollar value increases between \$0.80 and \$6.0. The fee increase is required to meet the net cost of providing the service.
Permit Parking Fees	Discretionary	As per the City's strategic direction to bridge the gap between current fees and market rates, permit parking fees are increasing 10%.
Planning Scheme fees	Statutory	Legislative increases in fees of approximately 6%.
Potato Shed fees	Discretionary	Potato Shed fees increase every 2 financial years. Average fee increases ranging from 0 to 25%, many with small dollar value increases.
