Please Note:

This form is for making amendments to an application for planning permit that has already been lodged with Council, but which has not yet been decided. This form can be used both for amendments made before the advertising of the application (Section 50 of the Planning & Environment Act) or afterwards (Section 57A of the Act). If you wish to modify a previously issued permit, or make a new application for planning permit, you will need a different form, as follows:

- If you wish to amend a permit that has already been issued, fill out the 'Application to Amend a Planning Permit'.
- If you wish to make a new application for planning permit, fill out the 'Application for Planning Permit'.

It is strongly recommended that before lodging this form you discuss the proposed amendment of your application with the Council officer processing the application.

An amendment under Section 57A of the Act may result in a request for Further Information under Section 54 of the Act and/or the application requiring re-notification under Section 57B of the Act. The costs associated with re-notification must be covered by the applicant.

Council cannot issue a planning permit that breaches a registered covenant. Other restrictions on the land, such as Section 173 Agreements or easements, may also affect your proposal. You therefore need to check that the amendments to the proposal do not breach any such restrictions on the title. If they do, you should contact Council for further advice as to how to proceed with your application.

Any material submitted with an application including plans will be made available for public view and copies may be made to interested parties for the sole purpose of enabling consideration and review as part of a planning process under the Planning & Environment Act 1987.
